OBJECTIVE

I am looking for an internship for a company where I would not only be able to contribute to right away, but also learn a large myriad of skills in return. I am currently extremely interested, eager, and enthusiastic about full-stack web development, focusing on both UI/UX design as well as the back-end functionality on websites.

SKILLS

- Java
- HTML
- MATLAB
- Microsoft Office
- Communications
- JavaScript
- CSS
- Bootstrap
- Leadership
- Public Speaking
- JQuery
- UI/UX Design
- Project Management
- Customer Service
- Public Relations

PROJECTS

PERSONAL PORTFOLIO | WEB DESIGNER / WEB DEVELOPER | *kjan95129.github.io*   *APR '16 – PRESENT*
My personal website and digital portfolio
- Produced website to accentuate past accomplishments and experiences
- Highlights personal interpretation of design
- Self-taught all elements shown on current website, including HTML, CSS, JavaScript, and JQuery

GRAPE | PRODUCT OWNER / FULL STACK WEB DEVELOPER | *grapeapp.herokuapp.com*   *JAN '16 – MAR '16*
Mobile web application that encourages users to perform and keep track of good deeds
- Implemented intuitive html architecture with the use of Handlebars and JQuery
- Conducted field work for in-person user testing of ~100 subjects with a team of three
- Employed A/B testing using click function tracking in Google Analytics

MULTI-ASIAN STUDENT ASSOCIATION | WEB DEVELOPER | *masa.ucsd.edu*   *FEB '16 – APR '16*
Official website for the largest social-cultural organization at UCSD
- Designed a responsive, user-friendly web interface using HTML, CSS and Bootstrap
- Created a fully functional, properly linking website for an audience of over 2,000.
- Maintained and advertised website, largely through Facebook, word-of-mouth

WORK HISTORY

FUSION HIP-HOP DANCE COMPETITION | SPONSORSHIP TEAM MEMBER | *San Diego, CA*   *JAN '16 – APR '16*
Largest completely student-run dance competition in the west coast
- Sought business partners to donate and/or hold fundraisers for the competition
- Marketed the Fusion organization to gain partnership and donations from businesses
- developed and refined public relation skills by maintaining contact with collaborating donors
- Raised a total of $2500 over 4 months, exceeding projected goal for a profit of $1200

KARMONIZE | WEB DEVELOPER | *karmonize.org* | *San Diego, CA*   *MAY '16 – PRESENT*
A modern social bartering system in which currency is spent and received via doing karmic deeds
- Garnered valuable firsthand experience concerning version control and responsive design
- Independently picked up weekly tasks to complete via team discussion board during development
- Created front-end views to show informative data in intuitive and visual ways
