EXPERIENCE

UCSD DEAN'S OFFICE, SCHOOL OF MEDICINE | PROGRAMMER ANALYST | *San Diego, CA*   *JULY '16 – APRIL '17*
Created web applications to aid business operations for the UCSD School of Medicine
- o   Created secure, documented, normalized, indexed, and efficient database schemas
- o   Developed Perl and Bash scripts to efficiently automate manipulation of MySQL databases
- o   Developed Java web applications from stakeholder proposals within the UCSD School of Medicine

BREWNGO | WEB DEVELOPER/WEB DESIGNER INTERN | *Brewngo.com* | *San Diego, CA*   *JULY '16 – SEPT '16*
Startup company introducing the world's first automatic and portable coffee/tea brewer
- o   Implemented third-party applications such as Squarespace to prototype and template design ideas
- o   Researched competitive marketplace and their websites to learn how to tailor to audience experience
- o   Explored different forms of user testing such as implementing Crazy Eggs to generate visitor heatmap

SALONFRONTDESK | FULL STACK DEVELOPER INTERN | *Salonfrontdesk.com* | *San Diego, CA*   *SEPT '16 – NOV '16*
Web platform for Salons and customers to book and manage appointments
- o   Styled a salon booking website using Pug, Angular Material, and AngularJS
- o   Worked on the backend using NodeJS and Express
- o   Developed adhering to agile methodology with bi-weekly sprints and used Jira and Confluence to delegate tasks and to notify team of pull reviews and testing of features

PROJECTS

CLICKNDIG | UI/UX DESIGNER / WEB DEVELOPER | *https://clickndig-potato.herokuapp.com*   *JAN '17 – MAR '17*
High Fidelity E-Commerce site for a popular item-finding product
- o   Communicated with product owner to re-design and re-brand product to appeal to target audience
- o   Facilitated design-centered discussion, ideation, and whiteboarding to satisfy stakeholders' needs
- o   Assembled high-fidelity prototype within a week using HTML, CSS, and JavaScript

GRAPE | UI/UX DESIGNER / WEB DEVELOPER | *grapeapp.herokuapp.com*   *JAN '16 – MAR '16*
Mobile web application that encourages users to perform and keep track of good deeds
- o   Conducted in-person field work for user testing of around 100 subjects with a team of three
- o   Implemented hierarchical html architecture with the use of Handlebars and JQuery
- o   Employed A/B testing to determine whether buttons or lists would result in more page clicks

MULTI-ASIAN STUDENT ASSOCIATION | WEB DEVELOPER | *masa.ucsd.edu*   *FEB '16 – APR '16*
Official website for the largest social-cultural organization at UCSD
- o   Designed a responsive, user-friendly web interface using HTML, CSS and Bootstrap
- o   Advertised website largely through Facebook and word-of-mouth for an audience of over 2,000.
- o   Wrote extensive documentation and comments within code for successors to maintain
